

LOCAL BRIEFS.

Items of Interest in and Around the City.

A man never stops wondering how a woman can pin her clothes on.

You never hear a woman telling how cold it was during the winter of such and such a year. Do you?

A baseball fan is a person who doesn't want to go to heaven until after the home team wins the pennant.

There is always a great deal of excitement about the house when the baby gets stuck on the fly paper.

The indications are that Goldsboro is going to be the leading Tobacco market of the east this season. Our market opens on August 4.

A box about the size of an old fashioned water mill was delivered at The Argus office yesterday through mistake. It contained a woman's hat.

The handsome residence of Rev. S. H. Isler, on William street, near the court house, is being made even more so by a becoming new dress of paint.

A country team loaded with noisy tobacco flues accomplished a successful runaway up John street this afternoon that proved a crowd-drawing attraction.

The County Democratic executive committee met in this city today and called the township primaries for Saturday July 11, and the County convention for July 18 to nominate County officers and a legislative ticket.

Mr. and Mrs. E. B. Borden, Jr., and little daughter Susan, Mrs. John Spier and little son, John, Jr., Miss Lona Tillman and Miss Helen Kirby went down to Morehead this morning where they will spend some time at the pleasant Atlantic Hotel.

Miss Eunice Freeman entertained a number of young friends last night at a lawn party, given in honor of Miss Elizabeth Duncan, of Raleigh. The spacious grounds illuminated by electric lights placed among the trees presented a scene of rare beauty.

The heartfelt sympathy of our community goes out to Mr. and Mrs. Louis S. Cohen on the death of their little daughter aged eighteen months, which occurred yesterday at their home in Columbus, Ga. Mrs. Asher Edwards, mother of Mrs. Cohen, left to be with the fond parents in their hour of affliction.

The Atlantic Coast Line will sell tickets from Wilson and Goldsboro to Wilmington July 4th, good on regular trains at rate of \$1.50. All tickets limited to date of sale. Do not miss the opportunity to visit Wrightsville Beach, and also witness two exciting games of baseball between Wilmington and Kinston.

The Argus had a call today from Mr. Will W. Davis, a nephew of Rev. Jno. Battle Averitt, and as a boy resided in this city, leaving here for the West in 1863—forty-five years ago. He has been spending some months in this section, and is today in Goldsboro for the first time in all these years, on his way to visit his brother, Fred, in Kentucky. Of course he finds great changes here. In fact, he is able to locate but few places and faces now.

Ripe, luscious watermelons, the first of the season and the earliest on record, home grown, were for sale on this market today; and were raised by Mr. Kirby Smith, son of Mr. W. T. Smith, over in the "Sand Hills." Great country is the sand hills of Wayne county, over beyond the Neuse. Great people are they who cultivate the soil over there. They can—and do furnish the city with everything in the way of country produce, fruits, vegetables, chickens, eggs, pork and bacon, honey, milk and butter, and always have a "plenty left" for home consumption. They are prosperous, progressive, moral and happy.

Dr. Louis H. Reid, who some 25 years ago was a resident physician on this city, and moved from here to Atlanta, died last night, of paralysis, in Atlanta, where the funeral will be held to-morrow morning at 10 o'clock. Deceased was a son of the late Capt. Dan'l. Reid, and a brother of Mrs. I. Newton Brown, of this city, also of Mrs. Henry Miller. He had been in feeble health for many weeks and his death was not unexpected. He was a royal hearted, companionable gentleman and a warm personal friend of this writer. The family have our deepest sympathy in their sorrow and in their great loss. "Life's fitful fever over," may he rest well.

For Register of Deeds.

I hereby wish to inform my friends and the public generally that I am a candidate for the office of Register of Deeds of Wayne county, subject to the action of the Democratic township primaries and County Convention.

PLAY BALL!

A WHOLESOME CHAPTER TO LOCAL "KNOCKERS."

There is no Reason Yet Why Goldsboro's Club Should Not Prove The Season's Pennant Winners of The League.

From Saturday's Daily.

The writer, yesterday afternoon, was present at the Goldsboro Cigar Company's store, reading the baseball telegrams as they were posted on the bulletin board. There were, of course, a great many baseball fans present, waiting to rejoice and cheer whenever news should come of a winning run, or a hit, or a good play by our home team. Alas, this kind of news did not come. After the first inning, a telegram came and was posted as follows: "Raleigh 5 Goldsboro 0." Just here the writer walked away. Disappointed? Yes, a little. Discouraged? No, not at all. And why not? Because of confidence in our team, and knowing how uncertain baseball is I could not feel discouraged just because the opposing team was ahead. I hated to hear the "knocking" our team was getting, so I walked away, determined to say a word to those "knockers." Now here are some facts for those inclined to "knock" to consider before they "knock."

1 Why "knock," anyway, it does no good?

2 Are you sure that you are justified in so doing?

3 Can you strengthen the team any? If so, offer your service, but don't "knock."

4 Why are you not satisfied? Do you expect your team to win every game, and to knock every pitcher out of the box, or expect them to play every single game without an error?

5 If you are displeased, go off to yourself and think it over, don't walk around town "knocking" this player or that player, or the team, or the management. Leave the "knocking" for the man at the bat, if you do it all, how can you expect him to do any?

6 Review the following facts and stop your cruel "knocking."

In the first three games with Wilson here, our team lost two games (one of which was due to a bad decision of the Umpire) and tied one.

In the next three at Kinston, rain prevented one and we won two.

In the next three here with Wilmington, rain prevented the first, we lost the second and won the third. Wilmington since taking four out of six from Wilson.

In the next three at New Bern we won every game.

Next we played Raleigh here taking the first and losing the next two. The game won from Raleigh making five consecutive games which our team had won.

We played 26 consecutive innings without an error and 53 consecutive innings with but 7 errors, an exceptionally good record.

Our team is now in Raleigh where rain prevented the first game, and yesterday afternoon, the Umpire made a very bad decision in the first inning and our manager protested the game. In the fourth inning another bad decision was made and our team refused to play—and rightly so.

Up to June 27, in 13 games we have made 55 runs to our opponents 45, which is very good, considering the fact that all the teams are considered well matched.

Let's stop "knocking" now and get ready to go to Wilson next week with our team.

We are going to win the pennant—what more can we desire?

A CARD FROM MRS. JOE PERSON.

Charlotte, N. C., April 23, 1908.

I was in Lumberton, N. C., on October 8th, 1907. Several of the ladies had a great deal to tell me in regard to the wonderful cure of Mrs. E. F. Kelly's child. They saw her at a time when she was considered at death's door, and the doctors had said that amputation of the child's leg was the only hope of saving the child's life, that the cure that my Remedy had effected of her case was nothing short of a miracle. I went to Mrs. Kelly's and saw the mother, but the little girl was at school. The letter from Mrs. Kelly given below explains the child's condition.

I was in Lumberton again on the 6th of April, 1908, and again went to see Mrs. Kelly. The little girl was at home and when she was told who I was, she jumped into my arms with a delighted cry of welcome. "I wouldn't take a thousand dollars for seeing you, Mrs. Joe Person, for you saved my life." She is as healthy a specimen of a child as can be found in the State and a child of winning grace and beauty. She is not even left with a limp. Mrs. Kelly told me that the frequent "operations" that were made on the child consisted of splitting the child's leg to the bone, scraping the bone and cutting away the diseased flesh. The scars that were left from these operations were fearful; the one on the outside of her leg extends to the bone for the length of seven inches, the one on the inside for four inches.

Healthy, natural skin now covers the bone and her leg is perfectly well and her general health perfect. Mrs. Kelly showed me a drainage tube which she had to insert by the doctor's direction every day, passing it through the decayed bone of her leg. When she would syringe a wash through either opening it would pass through the opposite opening, and Mrs. Kelly said the leg was virtually honey-combed with it is decayed flesh. It would pay any one scientifically interested in a subject of this importance to go to Lumberton and see what my Remedy has done for Mrs. Kelly's little girl. I am,

Very truly,
MRS. JOE PERSON.

Lumberton, N. C., Our little daughter had a case of typhoid fever when she was three years old. It settled in her right leg, the leg swelling up just above her knee and bursting and pieces of bone came out. We had three or four doctors attend her, but they could do her no good at all. They said there would have to be an operation and we took her to Darlington, S. C., and had an operation performed. We waited about four months and took her to Charleston Hospital for another operation and kept her there three months. Dr. Simmons, the head surgeon there, said the leg would have to be amputated, but I would not consent to it. I brought her back to Darlington and had another operation performed there. I waited four or five months and took her to the Memorial Hospital in Richmond, Va., and had an operation performed. She stayed there one month and five days and came back apparently well. In eight months after her return her leg swelled and burst again in the same place. Pieces of bone were discharged. We called in the doctor of this place. She had a hemorrhage from the lungs. The doctor said her leg would have to come off. I went to the drug store, got six bottles of Mrs. Joe Person's Remedy and commenced giving it to her according to directions. In two weeks' time she could get out of bed. By the time she had taken the six bottles the leg was healed up. Up to this time she has taken twenty-eight bottles. Her leg seems perfectly well. She goes to school every day and has only a slight limp. Her general health is better than it has ever been. She is still taking the Remedy, as we wish to be sure that all the poison is eradicated from her system before taking your Remedy she was in bed nearly all the time and could scarcely walk without the aid of crutches. Now she has no need of them.

She is now ten years of age. I consider your Remedy the finest preparation in the world, and the greatest boon to suffering humanity.
